Illusion Transfers creates transfer makeup appliances that are quick and easy to use. Developed for use in the Film and Television industries, Transfer appliances are full three dimensional makeup prosthetics that are applied like fake tattoos. The appliances are self adhesive so no additional glues are required, they just stick with water! In addition to the ease of application, the edges are designed to be super thin, allowing for the appliance to disappear into the skin. If any edges remain, they can be dissolved with a little 70-99% alcohol. Pop by booth 1416 to see our product line and get a quick demo!

The MAiZE. After introducing the "maze craze" to Utah and the western United States in 1996, the MAiZE Inc. has grown into the world's largest cornfield maze consulting/design company. Now, 18 years and more than 3,000 corn mazes later, we've seen millions of people get lost in the locations we've designed for farmers around the world. Whether you're looking to visit a maze or need help in creating one of your own, we hope you will explore what we have to offer and learn more about our mazes ... where getting lost is all about finding fun! Jumbo Jumper The Jumbo Jumper offers BIG TIME FUN for kids and adults alike. An inflatable surface that can be nearly 100-feet long, it's a jumping experience unlike any other and is becoming one of the fastest-growing attractions at outdoor destinations
