*VenueMagic(TM) Show Control Software lets you create spectacular lightshows with precisely synchronized video, audio and DMX lighting using a powerful, easy to understand graphical timeline-based editor. Creating haunted houses isn't just about skeletons and scary things popping out from behind tombstones. It's transporting people into a world to tell them a story of mystery and intrigue. Lights, sounds, animatronics, etc..., are the quill and paper that convey your tale, and you wield them with skill and artistry as you bring your captivating new world to life. That's why we created VenueMagic - to help you realize your vision in the quickest, easiest way possible.*
